

## REMARKS

The specification is amended above to insert a reference to related cases.

Claims 19-24, 27 and 29-32 are amended above to better format the international claims for accepted US Patent prosecution practice.

No amendment of inventorship is necessitated by these amendments.

Early allowance of the claims is requested. Should the Examiner believe that a conference with applicants' attorney would advance prosecution of this application, he is respectfully invited to call applicants' attorney.

Respectfully submitted,
